## GP SEWER CAM

The GP Sewer Cam was developed to be a simple, rugged and cost effective right-away tool for use on every jetting truck and trailer in the field the operational advantages of the design easily return the original investment plus time and labor savings to municipal operating budgets.

### Operational benefits:

- \* Instant confirmation & verification of obstruction and post-remediation verification in HD video
- \* Text or email supervisor video or pictures from the field or they can access them from the cloud (requires GoPro Plus subscription) and support staff can add them to job files
- \* Simple for the field worker to use, integrates easily with existing equipment
- \* Affordable enough to equip every jetting truck or trailer

**Authorized by GoPro** to utilize their product for this application provides significant benefits:

- \* HD video / picture quality 12MP 4k60 / 1080p240 with HyperSmooth video stabilization
- \* GoPro class leading software downloadable to smart phone, tablet or computer
- \* Being the most popular action camera on the market means many operators will already be familiar with operating the camera on day one because they may already have used one
- \* GoPro warranty registration and support are available
- \* GoPro Plus available (cloud storage + other benefits)

Utilizing the GP Sewer Cam a jetting truck or trailer operator and a jetting assistant can quickly identify pipe hazards and obstructions, determine the best cleaning methods and provide verifiable documentation of issues and resolutions to the office to streamline reporting requirements.

We believe the GP Sewer Cam is a tool that not only functions in a superior manner but offers your crews the ability to

## GP Sewer Cam Specs

Compatible with 6"-18" pipe  
Camera head material-Type 304 Stainless  
Steel Sled material-Type 304 Stainless  
Steel  
Standard Nozzle USB 1259  
Illumination Holder-Type 304 Stainless  
Steel Sonde Compatible

Assembly and disassembly can be accomplished with a pipe wrench (or crescent wrench) and an Allen wrench

Weight - 5 lbs  
30 day warranty against manufacturing defects of the camera holder, skid and jet

GoPro HERO 7 Black Video Capture  
Device Rugged + Waterproof to 33 feet (10m)  
Voice activated control  
GPS  
12MP 4k60 / 1080p240 with Hyper Smooth video stabilization  
Exposure Control  
Changeable Battery  
(1220 mAh Lithium-ion) 45-90 minutes of recording time (depending on resolution setting) with the ability to swap in a spare battery for additional run time in the field without having to wait for charging  
Wi-Fi for Bluetooth Connectivity, Connects to GoPro App, Auto offload to Phone, Auto Upload to Cloud with GoPro Plus Subscription
